

At one point after the accident I thought that all hope was lost. I had all these bills with no idea how I was going to pay them. So as I calling different firms I ended up calling Kennedy Hodges and that's when I met Kelly. He let me know that they would take my case and he also let me know that EVERYTHING would be alright and true enough he was right. I'm truly thankful for the service that Kelly gave and if in the future I need and/or anyone I know needs an attorney, Kelly Cook of Kennedy Hodges will be the one.

Thank You Kelly,
Vard Hammy
